Arix

Arix is a next-generation pair of high-fidelity TWS earbuds built for immersive sound, smarter control, and all-day performance. Featuring Bluetooth 6.0, they deliver a stable, low-latency connection across smartphones, tablets, and laptops. The 1.47-inch full-colour TFT IPS touch display on the charging case provides easy access to controls, EQ settings, and remote functions. A quad-mic system combines up to -26dB Active Noise Cancellation with ENC technology for clearer calls. Powerful 10mm drivers deliver rich audio, while IPX5 protection resists sweat and splashes. Enjoy up to 7 hours of playback and up to 45 hours total with the 500mAh charging case.

Smart Touch Display Advantage:

Arix transforms everyday listening with a vibrant 1.47-inch TFT IPS touchscreen case that gives direct access to EQ settings, controls, and smart display functions without opening your phone.

Find My Earphone

LIR

Noise Control Precision:

Equipped with quad microphones, up to -26dB ANC, and ENC call enhancement, Arix helps reduce surrounding distractions while delivering clearer voice pickup in busy and noisy environments.

Touch display

High-Fidelity Wireless Audio:

Advanced Bluetooth 6.0 connectivity and 10mm dynamic drivers work together to provide stable wireless performance, detailed sound reproduction, and a premium true wireless audio experience.

All-Day Battery Confidence:

Enjoy up to 7 hours of playback on a single charge and up to 45 hours with the charging case, making Arix ideal for commuting, travel, and everyday productivity.

Built for Active Lifestyles:

With IPX5 sweat, rain, and splash resistance, Arix is designed to handle workouts, outdoor movement, and daily wear while maintaining dependable audio performance and comfort.

Protected Charging Reliability:

Integrated OVP over-voltage protection and NTC overheating protection help enhance device safety, improve charging stability, and support reliable long-term performance in daily use.
