

HDMI 4K Wireless Receiver (V1717D)

Compatible With Miracast, AirPlay. Up to 50M Wireless Screening

Dimension	66mm*66mm*14.8mm
Video Input Interface	HDMI (M) (HDMI 1.4)
Resolution	Max. 3840×2160@30Hz (4K@30Hz) HDCP 1.4
Transmission Standard	2.4GHz/5GHz(802.11 WLAN), WPA3, Miracast, AirPlay
Transmission Distance	≤50M (165ft.)
Latency:	50-80ms
Power Input	Type-C (5V/1A)
Material / Color	ABS / Black

Description:

Provides a high-performance, low-latency 4K wireless HDMI display solution designed for modern conference rooms, digital signage, educational presentations, and home entertainment. Utilizing advanced 2.4GHz/5GHz dual-band wireless transmission technology, this device ensures stable transmission of high-definition audio and video signals without the need for complex cabling.

Product Features:

- Wireless Transmission, Long-Distance Worry-Free:** Supports transmission distances of up to 50M (165 ft.) in unobstructed environments. Delivers 4K@30Hz high-definition video with synchronized audio for a smooth, lag-free experience.
- Low-Latency Transmission:** Features ultra-low latency of 50–80ms, ideal for conference presentations, digital signage, and gaming entertainment.
- Dual-Band Adaptive, Strong Anti-Interference:** Supports 2.4GHz/5GHz dual-band operation and features CSA (Channel Selection Announcement) for automatic channel switching, effectively minimizing interference and ensuring more stable transmission.
- Secure Compatibility, Plug-and-Play:** Supports WPA3 security protocols. Wireless via Wi-Fi, Miracast & AirPlay. Compatible with WindowOS, MacOS, Linux, and other systems. No driver installation required—true plug-and-play operation.
- Pairing Instructions:** Press and hold the top button for 3 seconds to enter pairing mode. The LED indicator will flash continuously until pairing is successful, then remain steadily on.
- One-Touch Screen Orientation Switching:** Simply press button on transmitter to switch between portrait and landscape display, allowing flexible screen sharing for different angles and scenarios.

Package Contents:

RX Receiver x 1, USB-A to USB-C Power Cable(15cm) x1, User Manual x 1
